BASIC-ABSTRACT:

Medicines for stomach and bowels, comprises methanol/extract of liquorice and antacid and/or remedy for mucous. Methanol extract of liquorice is desirably purified by alkaline. The antacid agent includes sodium bicarbonate, magnesium oxide, MgCO₃, aluminum silicate, aluminum hydroxide gel, magnesium silicate, etc. The remedy for mucous includes sorbitol sulphuric acid ester, dextran, carboxyl methyl ester, methyl methionine sulphonium chloride, copper chlorophylline sodium salt, etc. The methanol extract is used in an amt. of 8-45 wt%. Antacid is used in an amt. of 0.5-70 wt%. Remedy for mucous is used in an amt. of 0.04-60 wt%.

The medicine is used in a dose of 600-1600 mg/day per adult. The medicine is formulated into tablet, granule, capsule, liquid, dry syrup, etc. using conventional carrier, diluent, and other additives such as perfume, etc.
